Deep and Wide ... Take a Drink

BIBLE VERSE: “... and heaven gave rain, and the earth sprouted forth with its fruit.”
James 5:18

LESSON

1. God gives us water.
2. All the living things on the earth need water.
3. All the living things must have water to survive, whether they get it from a water fountain, or from rain.
4. We should not waste water. For example: shut off the water when you brush your teeth; water plants with left over water from drinking glasses, etc.
5. Without water, our bodies would stop working properly.
6. Water makes up more than half of our body weight.
7. During the hot summer days, make sure you are drinking enough water every day.
8. Drink whenever you are thirsty, especially when you are playing outside in the warm weather. Never allow yourself go too long without taking a drink.
