

2 – 4 Year Olds Children's Meeting

LESSON 17 Sea Life – Faithful Seahorse

TEACHERS: Pray and read Genesis 1:20-23

OPENING TIME: Sing songs from Toddler song Book or others

BIBLE VERSE: And God said, let the waters swarm with swarms of living animals.
Gen 1:20

LESSON

1. God created the seahorse with everything he needed to be the vacuum cleaner of the ocean; even though he is very tiny, his mouth is made to suck up insects and materials that are trash in the ocean.
2. His eyes are on the side of his head so he can see movement very quickly.
3. He can wrap his tail around sea grass and lean out in a second and suck up the critters as they pass.
4. He is found around coral normally, and so he can change colors to keep himself safe from predators, his enemies.
5. Although he is so tiny, he has to have a lot of food in the day. Getting his food is his constant activity.
6. He is faithful to use the way God built him to do what God created him to do as his part in keeping the ocean and sea clean.

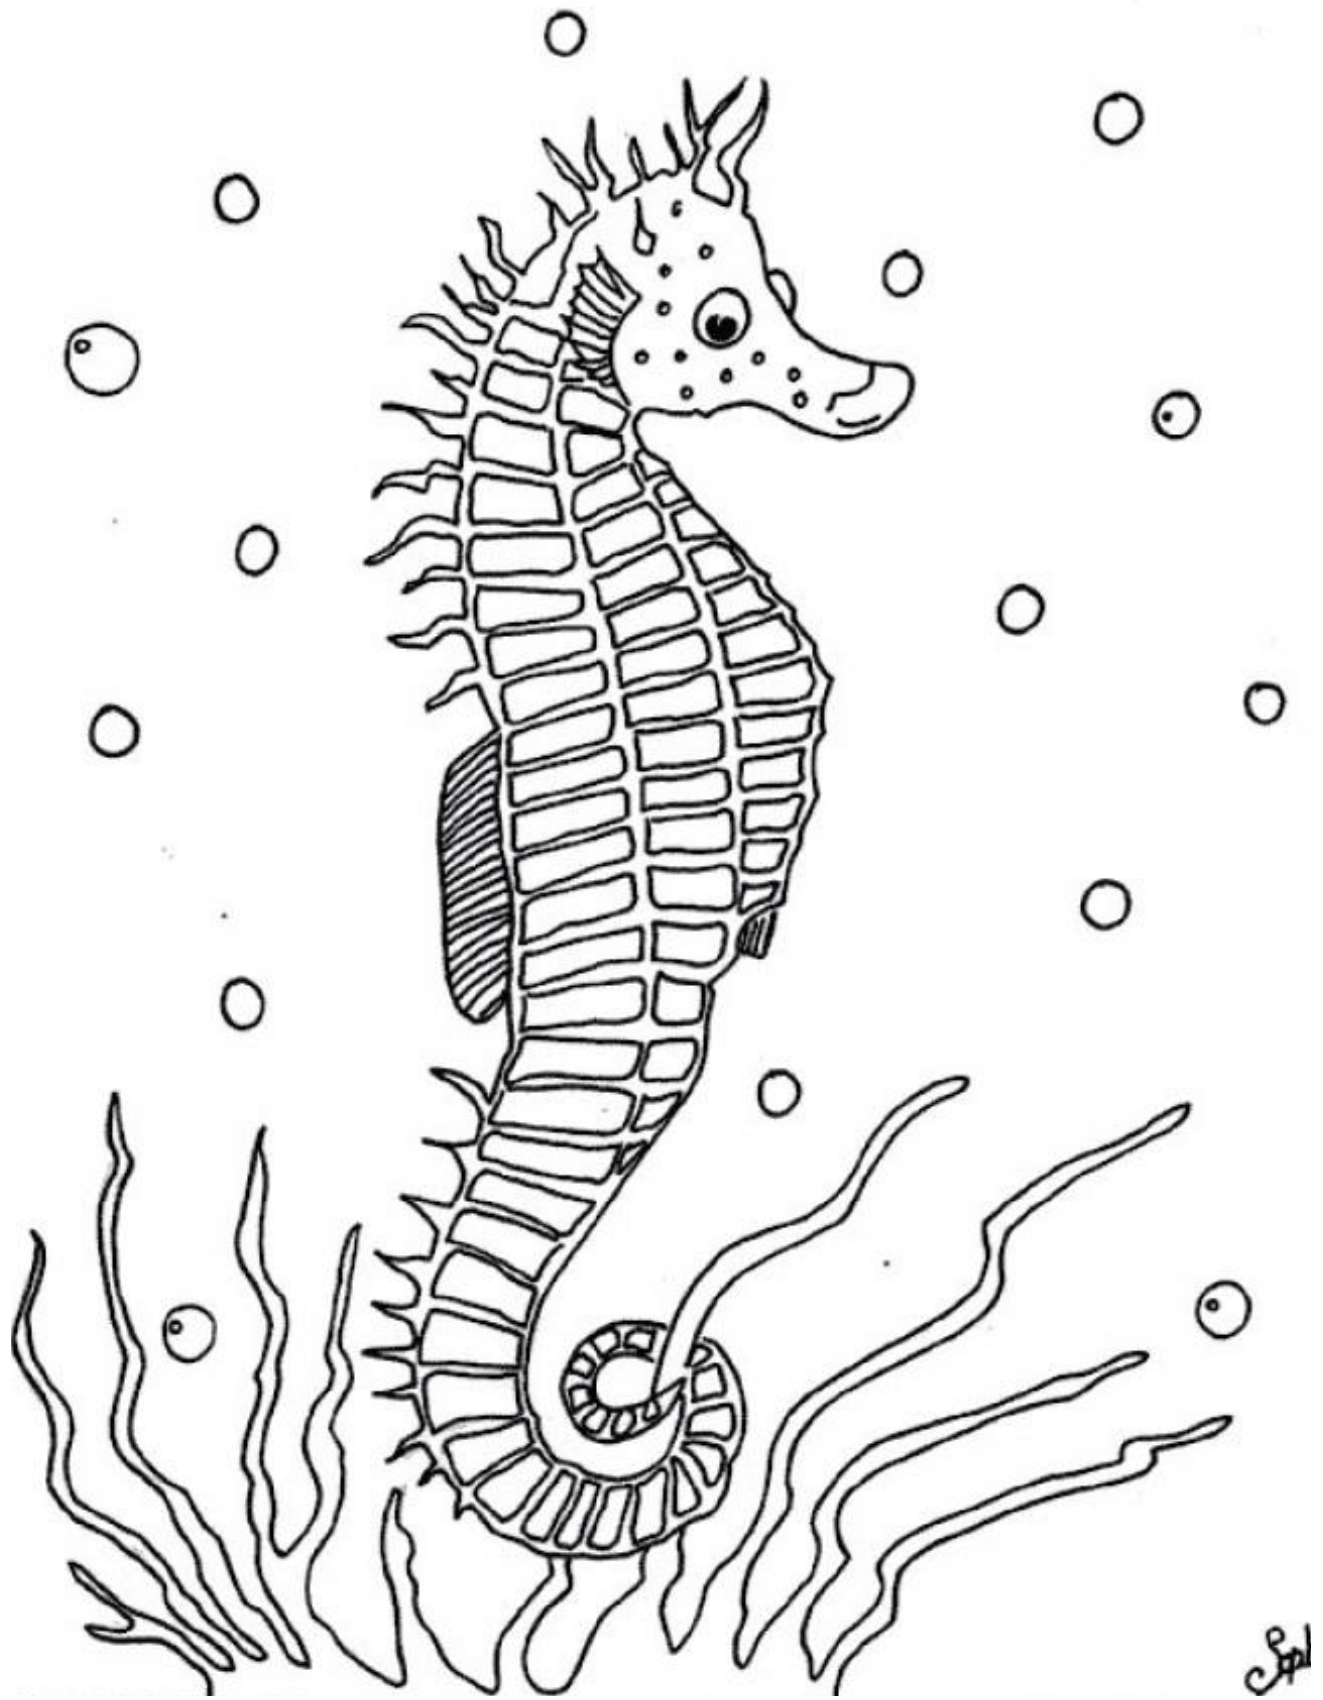

ACTIVITIES

Coloring page

Craft

Glue torn pieces of pastel tissue paper to make the seahorse many colors.

And God said, let the waters swarm with swarms of living animals.

Gen 1:20
