

2 – 4 Year Olds Children’s Meeting

LESSON 29 ANIMALS THAT HELP MAN - GOATS

TEACHERS: Pray and read Genesis 1:24-25

OPENING TIME: Songs from Toddler Song Book or others

BIBLE VERSE: “The earth is full of Your creatures.” Psa. 104:24

LESSON:

1. On the **sixth** day God created the living animals. Let’s name some of the animals that help man...the animals that live on farms. (Use the flannel board with all the farm animals.)
2. Today we will talk about goats, and how they help man. Farmers often have goats because they give milk for drinking and making cheese. Have you ever had goat’s milk to drink? Some goats also have soft wool called angora, which makes beautiful, soft sweaters
3. The daddy goat is called a “billy goat.” The mother is called a “nanny goat.” And the babies are called “kids.” You can tell who the billy goat is because he has a beard. Goats like to eat grass, fruit, leaves, vegetables and tree bark. They even try to eat cans!
4. Goats have their babies in the spring (like most animals) when the weather is beginning to warm up and there is plenty of food for them to eat.
5. God cares for all the animals He has created. He made each one of them in a special way. He also wants man to care for the animals He created.
6. Goats can be very rough and naughty. Sometimes they may try to butt you with their horns or eat things they shouldn’t.
