

During the next several weeks we will be looking at the seven days of God's restoration and creation. We will look at what God did on each day to get the earth ready for man. Below is an overview of what God did on each day. Next week we will begin to look at the first day.

**God's Creation**  
- Lesson One -  
*God as Creator*

**The First Day**

God said "Let there be light" and separated the light from the darkness.

**The Second Day**

God placed the firmament in the heavens.

**The Third Day**

God caused the dry land to appear and grass, and trees to appear.

**The Fourth Day**

God created the great lights in the heavens, the sun and the moon and stars.

**The Fifth Day**

God created the fish, the birds and the animals.

**The Sixth Day**

God created man!

And on the **Seventh Day**, He rested... and enjoyed what He had made!

Initials

**G**od is the creator of all things. The Bible says *"All things came into being through Him, and apart from Him not one thing came into being which has come into being" (Jn 1:3).*

God is wonderful. There is only one God. He is full of love and light and joy. God wanted to share His joy with people; that's why He created man. He wanted some people to be happy with together.

Before God created anything, He was alone, all by Himself. But God did not want to stay by Himself, He wanted people to be with Him. God loves people, so He decided to create a place for them to be. This is why God created the Earth. But before God could create the Earth, He had to create a place for the Earth to be. So first He created the heavens.

**The Heavens**

God created the heavens very big. Sometimes we call the heavens "the universe".

No one really knows how big the heavens are. On a dark clear night, you can see lots of stars. God created all the stars in the heavens. When God was creating the heavens he was preparing a place for you and me. He was thinking about us all the time.

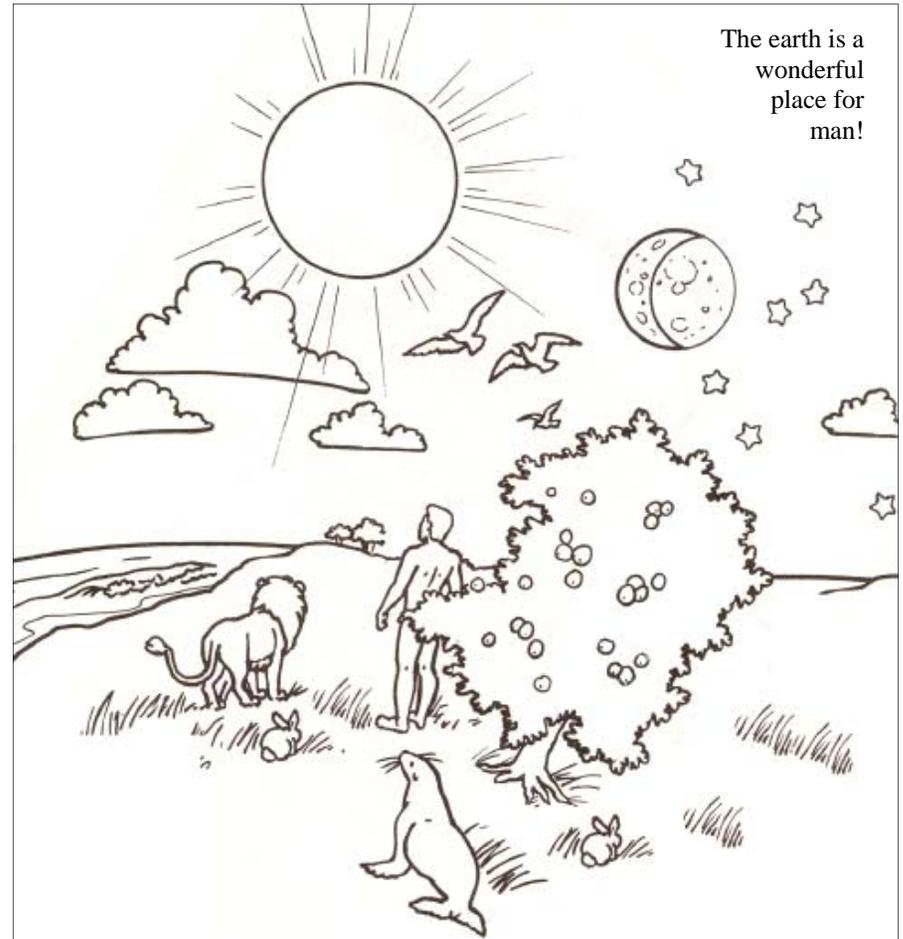

# Memory Verse

**In the beginning God created  
the heavens and the earth.**

(Genesis 1:1)

After God created the heavens, He then created the earth. The earth is very beautiful. God wanted man to enjoy the earth. The earth has everything that man needs on it. It is just right. God's desire is to have a dwelling place, a home, on the earth and with man.

The earth is a  
wonderful  
place for  
man!

Use colored pencil to color the above picture.

Before God created man, He had to make the earth ready for man's existence. Even though God originally created the earth in a very good way, God's enemy Satan rebelled and ruined many things. Because of this the earth needed to be restored.

God used six days to do the restoration work and to do some further creation. God also rested on the seventh day after he created man.
