God's Creation

- Lesson Eleven -

The Seventh Day of Creation

God finished His creation in six days. He created many wonderful things, including the highest and best part of His creation; Adam and Eve. Now that God had man in His image and likeness, He was very happy and satisfied. God was now ready to simply rest and enjoy all the things that He had made. Genesis 2:2 says "By the seventh day God had finished the work He had been doing; so on the seventh day He rested".

God is Satisfied

The reason that God could rest on the seventh day was because He was so satisfied. He had Adam and Eve on the earth to represent Him, and that made Him very pleased. He felt that there was nothing more that He wanted. He simply wanted to just rest with man and enjoy all the things that He had created.

The earth was so beautiful and full of life, and God was expressed in all the living things, especially in man. God had worked for six days, creating and restoring many items to get the heavens and the earth just right. Now He was ready to rest and enjoy His work, especially He would enjoy the man that He had created. Man was the thing that made God the most happy and satisfied.

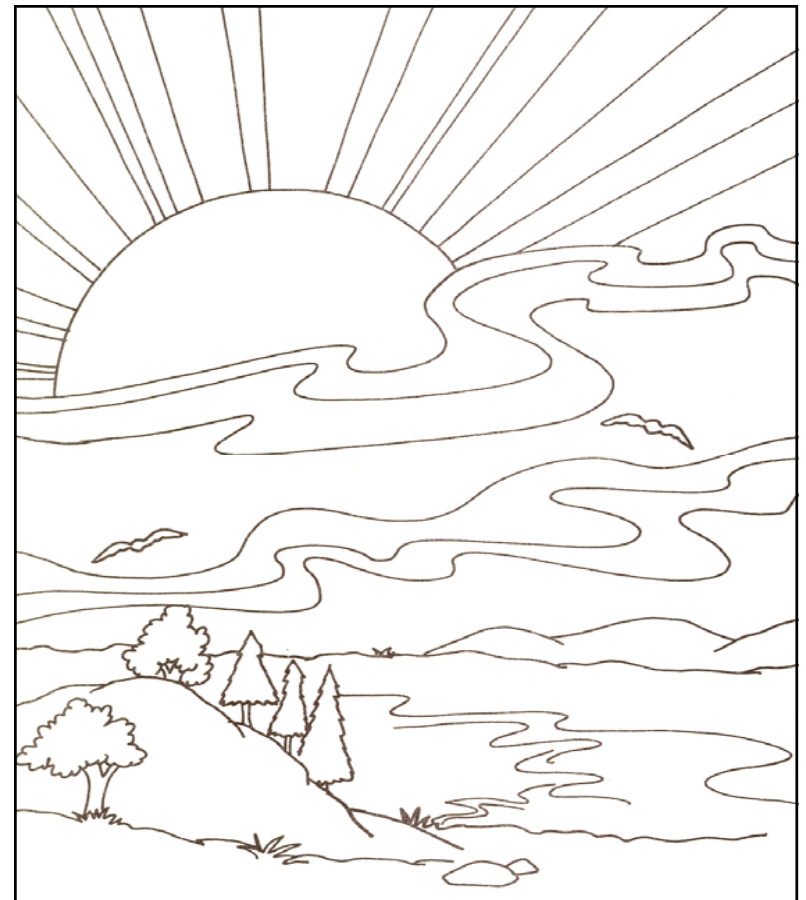

Memory Verse

Man Enjoys God's Rest and Satisfaction

On of the best things for man, was to know how happy and satisfied that God was. Man is always happy whenever God is happy. Man is always satisfied whenever God is satisfied, especially when God is satisfied with man. And God was very happy with Adam and Eve. They were just like God in how they looked and in their nature. They did not yet have God's life, but they had the very special human life, similar to God's. In this way they could express God and when they were seen, God would be seen in them. This is what made God so happy.

Man and God to Rest Again in the Future

Even though today, most people don't have much rest. God has promised man that there still remains a Sabbath rest for the people of God (Heb 4:9). In this rest in the future, man will again rest with God and God will be so happy and satisfied with man. The beginning of this future rest is in the church today.
