

2 – 4 Year Olds Children’s Meeting

LESSON 37 DAFFODILS

TEACHERS: Pray together and read Genesis 1:19

OPENING TIME: Songs from Toddlers Songbook

(Tune: “Let Us Exhibit Christ”)

And God saw it was good.

And God saw it was good.

He made the earth for you and me.

And God saw it was good.

BIBLE VERSE: “And God said, Let the earth sprout grass, herbs yielding seed, and fruit trees bearing fruit ... “ Genesis 1:11

LESSON

1. In spring the trees begin to grow leaves, and flowers begin to bloom.
2. Grass begins to turn green, so we have no more yellow grass like we had in winter.
3. The sun becomes warmer and warmer, and the winds begin to slow down and not blow so much, and we don’t need our coats and jackets quite as much.
4. Some of the earlier flowers to bloom in the spring are daffodils. Daffodils are yellow and come up from bulbs every year.
5. Thank the Lord for beautiful daffodils.
