

2 – 4 Year Olds Children’s Meeting

LESSON 39 PLANTS AND ANIMALS NEED SUN AND WATER

TEACHERS: Pray together and read Genesis 1:6-10

OPENING TIME: Songs from Toddlers Songbook

(Tune: “Let Us Exhibit Christ”)

And God saw it was good.

And God saw it was good.

He made the earth for you and me.

And God saw it was good.

BIBLE VERSE: “ ... and heaven gave rain, and the earth sprouted forth with its fruit“
James 5:18

LESSON

1. God gives us the sun and water.
2. Plants and animals need both the sun and water to survive.
3. Plants take in water through their roots.
4. The sunlight helps them to make the food they need to grow.
5. Animals breathe in air and drink water, and they breathe out carbon dioxide for the plants.
6. Talk about how some grown-ups have gardens. They grow some flowers and some vegetables. Have you noticed how often do they water their gardens?
7. Animals also need water everyday. Do not forget to give your pets water to drink. They also need water to survive.
